EDUCATION

Busoga College Mwiri, Jinja

2020 - 2022

Uganda Advanced Certificate of Education

Isbat University, Kampala

2023 - 2025

Currently pursuing a *Diploma in Software Engineering*

PROJECTS & EXTRACURRICULAR

Voting System | Java, MySQL | June 2024

- Developed it in Java for my end of Second Semester project.
- Used MySQL for storing data.
- User Authentication: where users login with their credentials.
- Candidate Registration: Admins register candidates of specific locations.
- Though most of the stuff was hard coded, I'm yet to add my new API knowledge to it.

PeePointer | Laravel (PHP), MySQL | July 2025

- Created a toilet locator web app as my final year project
- Used MySQL for storing data.
- Currently running as a web application, improving it to a mobile app with react native.
- Currently developing an admin panel to streamline toilet approvals, report management, and review management tasks.

Chairman The Information and Communication Club at Busoga College Mwiri | 2021 to 2022

- Participated in the Regional Innovation Competitions
- Helped in teaching my fellow clubmates the basic programming languages like HTML and CSS

Internal Coordinator of Human Rights Club at Busoga College Mwiri | 2021 to 2022

- Helped in the organizing of meetings and other discussions, which raised awareness of unfair treatment among students
